

MAINTENANCE FREE

ENDUROFENCING

the only fence
you will ever fit

0800 118 5656

British Owned Manufacturing Company

totally maintenance free
won't chip flake or rot...

DURABLE & SECURE
EASY TO HANDLE

NO PAINTING OR
TREATING NEEDED

GUARANTEED
FOR 20 YEARS

92%
RECYCLED

Endurofence panels are easy to clean and look stunning, **saving time and money** without requiring year-on-year maintenance with a similar timber equivalent.

Environmentally friendly Wood-Grain is manufactured from 92% recycled materials. Using Wood-Grain, you can be assured that you are protecting the world's natural resources and helping the environment.

Looks and feels like wood

You can easily use Enduro Fencing to replace rotten timber panels in concrete posts. Remove your old panels and slot the Enduro gravel boards into the slots to the desired height. A quick and straightforward solution.

save £££'s
compare the costs

Enduro fencing will work out much cheaper over time than timber panels, which need to be maintained every couple of years. Compare the facts!

10 Year Maintenance Costs
For 10 No 6' x 6'
Enduro Panels

£0.00

10 Year Maintenance Costs
For 10 No 6' x 6' Timber Panels

£814.86*

* Figures based on a timber panel which would need treating a minimum of four times over a 10 year period, using 14 tins of preserver @ £22.49 each, 50 hours of YOUR time at living wage of £10 per hour.

very easy to install Enduro-posts & spikes

The composite fence posts are effortless to install and like the panels can be cut to size. They are made in Graphite Grey, Natural, Walnut, Green and Brown to compliment all of the available fence panels.

- Lightweight and strong, **easily cut with a hand saw**
- **10 year guarantee**
- 1830mm high, normally used with **spike or bolt down** system
- 2440mm high **reinforced** used for concreting directly into the ground
- Chose from **Graphite Grey, Natural, Walnut, Green and Brown** - Corner posts and matching caps

FULLY COMPATIBLE WITH SLOTTED CONCRETE POSTS

They are **designed to retrofit into concrete slotted posts** and because they are made in lightweight sections they're **easy to replace existing timber panels**.

only 3 steps from start to finish

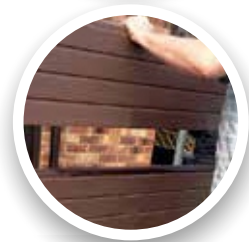

STEP 1 - CONTACT US When you contact us, please notify Endurofence of your selected panel design aswell as your chosen colour. Also, **don't forget to add your accessories** if you require them on your order. Endurofence will then provide you with an order form for you to **bring back to Costco**.

STEP 2 - SUPPLY Once Costco has notified Endurofence that your order has been paid, Endurofence will then put your order into production.

STEP 3 - DELIVERY after production is completed, Endurofence will contact you regarding delivery and installation.

*Endurofence use a network of trade installers if you require installation please ask

This is to confirm that you, as a Costco member, are solely purchasing from Costco Warehouse UK Ltd (hereinafter "Costco") and Costco is solely supplying to you the fencing. Costco Special Order should only include the fencing you are purchasing from us. Your signature on the Special Order Job Completion Form is your confirmation that the fencing is of an acceptable standard and match your confirmed order, any other issues are deemed as installation. Costco accepts no responsibility and/or liability whatsoever for any problems you may encounter during your installation with the service provider.

ENDURO ACCESSORIES

Anti Theft Clip
Protect your fencing against theft.

Supaspike & Bolt Down

The Supaspike is incredibly easy to install. Just drive it into the ground and place the post over the top of the spike. For solid surfaces such as driveways and pavements use the Supaspike Bolt Down.

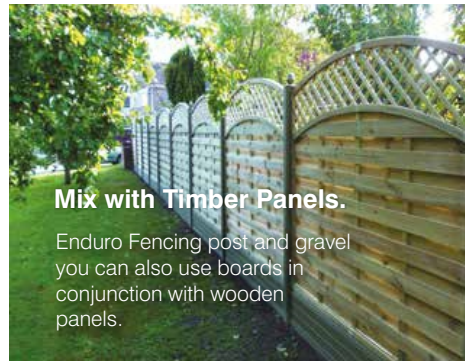

create your own maintenance free panel

Because Enduro Fencing is so easy to cut, Gravel Boards can be easily trimmed to suit popular European fence panels which are 1.8m wide. Wood-Grain will also accept screws to secure your fence into position.

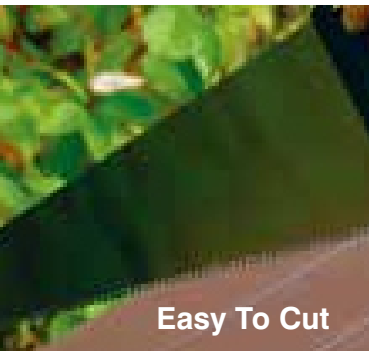

No more painting and regular maintenance to keep your fence looking new.

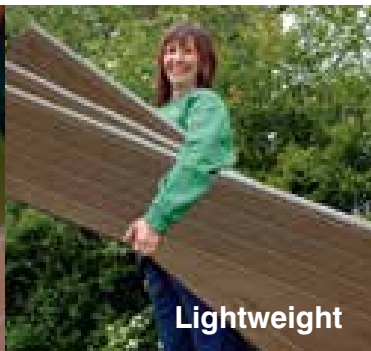

Mix with Timber Panels.

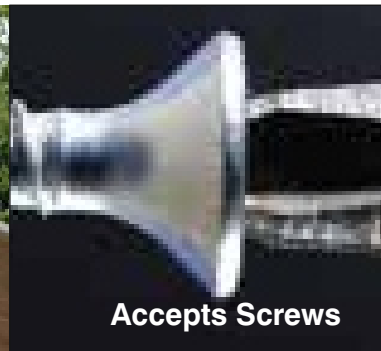

Enduro Fencing post and gravel you can also use boards in conjunction with wooden panels.

Easy To Cut

Lightweight

Accepts Screws

We had Enduro fencing fitted just before the severe gales, and it really is as strong as they say. The posts swayed in the gale, and when it was over, they were all perfectly straight, and my fence was still intact, unlike most of my neighbours whose had blown over or had been blown out. A great product. Really pleased with it.

Mr. Johnson, Harrogate.

Enduro Fencing is a fantastic product and was very easy to install. The best thing about it is no maintenance. Since installing the fencing, many people have asked me where we purchased it.

Mr. Jones, Wales.

The Enduro fencing gravel boards and posts look great. I didn't realise they were stronger than wood and concrete until my neighbours fence fell in the high winds and mine kept standing. I fitted them myself, and it was an easy job as they are so light and easy to work with."

Steve Lowe, West Sussex.

Environmentally friendly

Wood-Grain is manufactured from 92% recycled materials. Using Wood-Grain, you can be assured that you are protecting the world's natural resources and helping the environment.

Use With Existing Posts

You can easily use Enduro Fencing to replace rotten timber panels in concrete posts. Remove your old panels and slot the Enduro gravel boards into the slots to the desired height. A quick and straightforward solution.

**UNIVERSITY OF
BRADFORD**

"The concrete post cracked and could not therefore rEndurover, rendering the post non-servicable. The Enduro Fencing posts deflected the same amount, it follows therefore that the Enduro Fencing possesses a significant tensile strength that concrete posts do not."

Stephen Barker, I.Eng. M.I.I.E., Chief Test Engineer (2005)
